EDUCATION

Sir M. Visvesvaraya Institute of Technology

B.E. in Electronics and Communication Engineering (CGPA 8.3)

Nov 2020 – May 2024

Bengaluru, Karnataka

INTERNSHIP/EXPERIENCE

nexdrift

Software Developer

December 2024 – Present

Bengaluru, Karnataka

- Developed and deployed the website for nexdrift using React.js, Tailwind CSS, and Vite for the frontend. For backend connectivity, Implemented Java and MySQL to ensure seamless data management and functionality integration.
- Collaborated with clients to understand their requirements and deliver interactive, user-friendly features, ensuring alignment with their vision and goals.
- Gained hands-on experience working on large-scale client projects, focusing on interactive and user-friendly feature development.

OASIS INFOBYTE

Web Development and Designing

September 2023 – October 2023

Bengaluru, Karnataka

- Developed interactive web applications, including a To-Do List, Portfolio, and Instagram Clone, using HTML, CSS, and JavaScript.
- Enhanced front-end development skills through hands-on experience in UI design, responsiveness, and dynamic functionality during the internship.

PROJECTS

Weather Application Webapp | HTML, CSS, JAVASCRIPT, API KEY

January 2024

- Developed an application using HTML, CSS and JavaScript to get weather details of the specific city.
- Used city name as input from the user and create a HTTP request and send it to Openweathermap.org API to get back the details in the form of a JSON Response.

Student Management System | JAVA, SPRING BOOT, CRUD OPERATION

July 2024

- Developed a 'Student Management System' which performs CRUD operation on students. It can create, update and delete students data. The system is built using Java and Spring Boot, ensuring a robust and scalable backend.
- Used MySQL database to manage the data and employed MVC architecture to keep the application modular and maintainable.

Personal Portfolio | HTML, CSS, JAVASCRIPT, REACT-THREE/FIBER, FRAMER MOTION

October 2023

- Build an impressive and responsive 3D personal portfolio using React.js and react-three/fiber to effectively showcase my skills, projects, and certifications.
- Leveraged component libraries, CSS media queries, and Bootstrap to create a visually appealing and user-friendly interface. Implemented interactive 3D elements to enhance user engagement.

CERTIFICATES

- The Modern JavaScript Bootcamp by Udemy.
- Git Started with GitHub by Udemy.
- Completed Web Development training by Eduonix.

TECHNICAL SKILLS

Languages: Java, SQL

Developer Tools: Spring boot, VS Code, HTML, CSS, React.js, Bootstrap, API, Tailwind

Technologies/Frameworks: VS Code, Git/GitHub

Concepts: DBMS, Data Structure and Algorithms, OOPS, Computer Network
